

# Who deserves your public **recognition** this year?

**Entry Deadline: 25 May 2012**

[www.theiet.org/achievement](http://www.theiet.org/achievement)

**Professor Donald E Knuth, the IET Faraday Medal Winner 2011**

With thanks to our 2012 headline sponsors:

# IET Achievement Awards for outstanding engineers and technologists

Which engineer do you feel has made the most significant impact on the world through their work?

Answers on a nomination form for the IET Faraday medallist please!

We are looking for people who have made an exceptional contribution to the advancement of engineering either through research and development or through their leadership of an enterprise.

The Faraday Medal is the most prestigious award offered by the IET but it is closely followed by medals for achievements in each of the different sectors of engineering covered by the IET.

The medals are awarded by the IET Board of Trustees on the recommendation of the IET Awards and Prizes Committee and will be presented at the prestigious IET Ambition and Achievement Awards Ceremony, which will take place on 22 November 2012.

## How to make a nomination

Making a nomination is simple. Just fill out an online nomination form at [www.theiet.org/achievement](http://www.theiet.org/achievement)

All nominations are considered by the IET Awards and Prizes committee for the entire range of awards.

Nominations must be received by **25 May 2012**.

## Achievement Awards for Young Engineers and Technologists

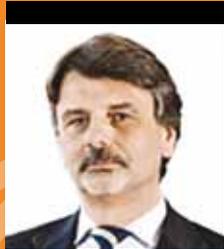

The IET also offers awards for young engineers and technologists at the start of their careers. These awards go to people who have excelled in their place of work and are an inspiration to others. To see the full range of these awards, please visit the website below.

To make a nomination and see the award criteria, please go to [www.theiet.org/achievement](http://www.theiet.org/achievement)

**Entry Deadline: 25 May 2012**

# 2011 Achievement Medallists

**Dr Ralf Speth**  
Sir Eric Mensforth Medal –  
Manufacturing

**Sir John Armitt**  
Sarah Guppy Medal –  
Built Environment

**Professor Theodore  
Rappaport**  
Sir Monty Finniston Medal –  
Engineering & Technology

**Professor Christos  
Christopoulos**  
Ambrose Fleming Medal –  
Information &  
communications

**Mr Adrian Newey**  
Coales Medal –  
Transport

**Professor Christofer  
Toumazou**  
J J Thomson Medal –  
Electronics

# 2011 Young Professional Awards winners

**Sally Nicholson,**  
Sir Henry Royce Medal for  
Young Professionals 2011

**Matthew Wilson,**  
Mike Sargeant Career  
Achievement for Young  
Professionals 2011

**Tom Hlaing**  
Paul Fletcher Award for  
Young Professionals 2011

## 2011 Faraday Medal

Professor Donald E Knuth

“I’ve spent most of my life trying to organize the things people have learned about computer science and to explain them carefully. Along the way I’ve also developed software that has helped many other people to create readable and elegant books and papers. Naturally it was a wonderful surprise and delight to receive the IET’s Faraday Medal, which has a distinguished history going back to 1922, and to join the

ranks of other leading computer scientists including Professors Hoare, Needham, and Wilkes.”

**Professor Donald E Knuth  
the IET Faraday Medal Winner 2011**

## Sponsoring the 2012 IET Ambition & Achievement Awards

Sponsor the IET Ambition and Achievement Award programmes: play a part in supporting the young engineers of the future and associate your brand with some of the best engineering and technology professionals in the world.

### Sponsorship packages:

Your company can become a headline sponsor and benefit from a 12 month sponsorship campaign, or support the awards by taking an exhibition stand package, which offers exposure at the awards ceremony itself.

**If you would like to find out more about sponsoring the 2012 Ambition & Achievement Awards please contact:**
